Memorandum

TO : C/ASD 25X1A
cc : AD/DEL; C/ASD
FROM : DAD/ASD

DATE: 7 April 1968

SUBJECT:

The pot seems to be sufficiently muddy here so that some expert opinion really is required. I would suggest that we think about whether or not ORD could help us out. If so, would you please originate a request for AD's signature to AD/ORD requesting this assistance. I don't believe we are in the position at the moment to referee between the industrial giants on the pro's and con's and I suspect that [REDACTED] opinions are highly not so oriented. I am as suspicious of that area as he is of [REDACTED]. In any event, this is something that [REDACTED] we could be helpful on. At this point, I don't think I would show anything to Regaison or anybody else. This is something we are going to have to handle internally. Be sure you stay close to [REDACTED] on this.
